	<p><i>Syringa vulgaris</i> 'Albert B. Holden'</p>	<p>Height and width: 7' tall and 8' wide (semi-dwarf) Cultivated by: John L. Fiala 1980 Habit: Deciduous, upright, rounded Foliage: Dark Green Color Class/Flowers: II-VII/S, deep violet Bloom Time: Midseason</p> <p>Notable Information: Violet buds open to deep purple florets with a silvery blush on reverse of petals, thus giving it a bicolor effect. Named for Albert Fairchild Holden, 1877-1913, geologist and metallurgist, who initiated the establishment of an institution for botanical education, known today as the Holden Arboretum, Kirtland OH, USA. Cultivar name established and accepted.</p>
	<p><i>Syringa Pubescens</i> Series 'Bailbelle' TINKERBELLE®</p>	<p>Height and width: 5'-6' tall and 4-5' wide Cultivated by: Neal S. Holland Habit: Deciduous, upright, rounded Foliage: Green Color Class/Flowers: V/S, pinkish Bloom Time: Midseason</p> <p>Notable Information: Marketed as TINKERBELLE® - first introduction in Bailey's FAIRYTALE® Series®. In late spring luscious wine-red flower buds open into deep pink blossoms with a pleasing, spicy fragrance. Statutory registration.</p>
	<p><i>Syringa vulgaris</i> 'Krasavitsa Moskv' Beauty of Moscow</p>	<p>Height and width: 10-12' tall, 8' wide Cultivated by: Leonid A Kolesnikov, 1947 Habit: Deciduous, upright Foliage: Green Color Class/Flowers: I/D White Bloom Time: Midseason</p> <p>Notable Information: Its pinkish lilac buds that open to a very pale lavender tint on white. The density of its double flowers makes it a stunning midseason bloomer.</p>
	<p><i>Syringa vulgaris</i> Common Purple</p>	<p>Height and width: 12-15' tall, 8-12' wide Cultivated by: Native to Balkans, SE Europe Habit: Deciduous, upright, vase-shaped Foliage: Green Color Class/Flowers: VII/S, purple Bloom Time: Midseason</p> <p>Notable Information: Extremely fragrant. This is perfect for an informal hedge or screen. Also known as the "old-fashioned" lilac. Blue-green fall foliage.</p>

	<p><i>Syringa x prestoniae</i> "James Macfarlane"</p>	<p>Height and width: 8' tall, 6-10' wide Cultivated by: University of New Hampshire Habit: Upright Foliage: Green Color Class/Flowers: V/S pinkish Bloom Time: Midseason</p> <p>Notable Information: Blooms two weeks later than <i>Syringa vulgaris</i> types. True single pink flower bloom freely. Extremely hardy and adaptable, withstanding moisture conditions fatal to <i>vulgaris</i> hybrids</p>
	<p><i>Syringa Pubescentes Series</i> "Jetlady" Little Lady</p>	<p>Height and width: 4-5' tall, 4-5' wide Cultivated by: Durand & Donald Habit: Deciduous, rounded Foliage: Green Color Class/Flowers: I/S, Violet Bloom Time: Midseason</p> <p>Notable Information: syn - LITTLE LADY™.
